

Nothing Sews Like a Bernina. Nothing

# BERNINA®

## 1300DC

*A versatile machine that offers creative flexibility for the discriminating stitcher.*

The more creative you become, the more discriminating you become. And, with the BERNINA 1300DC serger you'll have the most creative flexibility available in an overlocker. Choose from 24 stitch variations including a chain stitch, four cover stitches, and four combination (chain plus overlock) stitches.

Add to that the super easy threading, an informational LCD screen, and BERNINA's dedication to quality and you'll find unlimited creative freedom for all of your serging projects.

### Key Features

*Below are just a few of the great features you'll find on the 1300DC. Stop by your local BERNINA Dealer for a complete demonstration of everything this machine has to offer.*

### Perfect Stitching

#### Smooth Operation

This overlocker cuts, sews, and finishes—all in one operation.

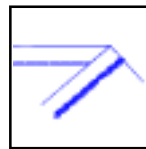

#### Cover Stitches

Four versions of this industry-standard stitch are great for hemming knits, sewing elastics, stitching stretch lace, decorative seams, and binding edges.

#### Superb Stitch Quality

Regardless of the fabric or the application, every stitch will be sewn with professional precision.

#### Chain Stitch

Two thread chain stitch—good for seaming, binding, gathering, and for decorative work on woven fabrics with little or no stretch.

#### Overlock Stitches

15 overlock stitch variations using 2, 3, and 4 thread stitch formations. Perfect for all types of fabric and any serging situation.

#### Combination Stitches

Four combination stitches (chain plus overlock). Strong seaming stitches that are great for fabrics that ravel easily.

## Easy To Use

### LCD Informational Screen

Provides setup information for 15 different stitch variations. Everything you need to know to serge at your fingertips!

### Multiple Threading Aids

The lay-in tension slots, color-coded thread guides, and molded thread paths make it almost impossible to thread the 1300DC incorrectly.

### Easy Rolled Hem

At the flick of a lever, you can easily convert to a rolled hem and back again without changing the stitch plate or presser foot.

## Helpful Features

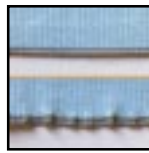

### Standard Overlock Foot

This BERNINA-exclusive swing-out presser foot has a built-in tape guide that holds narrow ribbon, twill tape, or elastic in place as you serge.

### Compensating Foot

With its floating "toes" maintaining alignment with uneven fabric layers, the compensating foot ensures a professionally-finished coverstitch.

### Differential Feed

Adjusts the fabric feed for professional results on any project. No more stretched knits or puckered wovens!

## Optional Accessories

### BERNINA Accessories

Special feet for special techniques. Gather lengths of fabric for curtains or dust ruffles quickly and neatly. Attach pearls or sequins to your next project. Even insert zippers using your serger!

## Technical Specifications

### Features

LCD Screen

### Benefits

- Information screen that puts everything you need to know for successful serging at your fingertips. Includes tension settings, appropriate needle choices, cutting width settings and more for each stitch formation.
- Customizable - simply change the default settings to reflect your preferred settings. Especially helpful if you use a variety of specialty threads and fabrics.

Easy Threading

- Molded channels make threading simple.
- Threading paths are color-coded and numbered to simplify the threading process.
- Threading guide inside looper cover provides a handy reference.
- Automatic lower looper threader for ease of threading.

BERNINA® Quality

- Excellent stitch quality in all types of fabric.
- Easy to use, reliable machine.
- Serges 1500 stitches per minute (maximum).

## Technical Specifications

Features	Benefits
Stitch Variation	<ul style="list-style-type: none"><li>• 24 Stitch variations including four cover stitches, a chain stitch and four combination stitches (chain plus overlock)</li><li>• Select cover or chain stitch for a truly professional finish.</li><li>• Decorative threads expand your creative stitch options.</li><li>• Stitch width 5mm-9mm</li></ul>
Standard Overlock Foot	<ul style="list-style-type: none"><li>• Used for most overlocking techniques</li><li>• Swings out to allow better access to the needles. (BERNINA Exclusive)</li><li>• Built-in guide for holding narrow twill tape, ribbon, or elastic for stabilizing and reinforcing seams.</li></ul>
Cover Stitch Compensating Foot	<ul style="list-style-type: none"><li>• Specially designed presser foot features floating “toes” that help guide the fabric and prevent sideways movement when topstitching ribbing, folded hems, or binding edges.</li></ul>
Differential Feed	<ul style="list-style-type: none"><li>• Dial located on right side of machine for easy access while sewing.</li><li>• Used for wave-free seams in knits and wovens cut on the bias.</li><li>• Ideal for pucker-free seams in fine fabrics.</li></ul>
Adjustable Cutting Width	<ul style="list-style-type: none"><li>• Cutting width adjustments provide a variety of stitch widths.</li><li>• Numbered dial located in the front of the machine.</li></ul>
Easy Rolled Hem	<ul style="list-style-type: none"><li>• Slide the lever and make a few tension adjustments to easily convert the machine from overlock stitching to rolled hemming.</li><li>• 2 &amp; 3 thread rolled hemming provides beautiful finishes for most fabrics.</li></ul>
Presser Foot Pressure	<ul style="list-style-type: none"><li>• Presser foot pressure may be increased or decreased for optimum feed of all fabric weights.</li></ul>
2-Step Presser Foot Lifter	<ul style="list-style-type: none"><li>• Lift and hold the presser foot for additional clearance; useful when stitching bulky fabrics such as polar fleece.</li><li>• Releases tension on all four threads when presser foot is raised.</li></ul>
Stitch Length Adjustment	<ul style="list-style-type: none"><li>• Conveniently located dial provides accurate length adjustments.</li><li>• Infinitely variable length adjustments from 1-4mm.</li></ul>
Thread Cutter	<ul style="list-style-type: none"><li>• Conveniently located on the left side of the machine, it lets you quickly cut thread tails at the end of the seam.</li></ul>
Light	<ul style="list-style-type: none"><li>• Built-in light illuminates the sewing area for added visibility.</li></ul>
Electronic Foot Control	<ul style="list-style-type: none"><li>• The electronic foot control provides fine speed control from slow to full speed for intricate sewing; especially helpful for beginners.</li><li>• Provides consistent needle penetration at any speed.</li></ul>
Suction Feet	<ul style="list-style-type: none"><li>• The four strong suction feet on the base of the machine provide stability while stitching.</li></ul>
Warranty	<ul style="list-style-type: none"><li>• 5 yr. mechanical</li><li>• 1 yr. electrical</li></ul>
Optional Accessories	<ul style="list-style-type: none"><li>• Elasticator, Blindstitch Foot, Cording Foot, Multi-purpose Foot, Gatherer</li></ul>
